

About

Green Barbès is an all-natural cosmetics brand placing botany, wellbeing and the joy of making at the core of its affairs.

The White Agrum kit offers all necessary items for the making of two bioactive Body & Face creams. Each formula is made from powerful botanical ingredients which cosmetic properties are developed exclusively by Green Barbès. The kit includes reusable glass containers, pre-dosed ingredients, a discovery guide and a simple set of instructions.

Breaking the codes of traditional cosmetics with DIY kits allows the open display of ingredients. Advocate of a collaborative relationship, Green Barbès lets you know what you apply on your skin and lets you act for your health and your wellbeing.

Green Barbès proposes DIY cosmetics care with as few elements as possible for maximum efficiency. **Formulas are 97% natural, parabens free, dye free, synthetic preservative free, artificial fragrance free.**

The core of Green Barbès development happens in Paris, in the creative studio where ingredients, textures, scents, glassworks and materials are hand picked. **Botanical active agents, made from ingredients traced from harvest,** are assembled within the Green Barbès laboratory near Orléans, in the heart of the Cosmetic Valley, the “nest” of cosmetics historical actors.

Kit Content

Orange eau vive enhanced with elderflower (2)

The eau vive is rich with fruits acids and oligo-elements. Its calcium contributes to cellular rejuvenating and holds together the skin natural balance. It nourishes and brightens skin. 100% natural, it is fit for most sensitive skins. Used pure on the face or as cosmetic ingredient in the Green Barbès Face & Body cream formulas.

Origin: France & Bulgaria

Shea butter activated with citrus (3b)

Powerful blend of shea butter and citrus vegetal actives, this butter-care is filled with E vitamin and phytosterols. All natural, nourishing, antioxidant, detoxifying and invigorating, it protects the epidermis from external aggressions. Efficient for all skin types, it's used pure or as a cosmetics ingredient in the Green Barbès Body cream formula. *Origin: Sub Sahara Africa & Italy*

Herbal oil infused with Madagascar vanilla beans (3a)

This sunflower oil was selected for its numerous benefits. Rich with omega 3 and 6, it prevents dehydration and soothes the skin. Madagascar vanilla beans are filled with organic acids. 100% natural, it can be used pure or as a cosmetics ingredient in the Green Barbès Face cream. *Origin: Madagascar and Europe*

Green Barbès emulsifier (1a & 1b)

The emulsifier increases the smoothness and stabilizes the emulsion. It allows the assets to penetrate the skin and leave a smooth skin for a soft, oil-free touch. It was

conceived to form a protective layer, enhance hydration and repair cells.

The Green Barbès emulsifier should be mixed with the eau vive as a cosmetics ingredient for the Green Barbès Face and Body cream formulas.

Green Barbès natural conservative (4)

The Green Barbès natural conservative is designed to eliminate a large spectrum of bacteria and preserve White Agrum Face & Body skincare up to 6 months after elaboration.

Signature Green Barbès fragrance (5)

Olfactory signature, the Green Barbès cosmetic fragrance proposes a delicate balance between dynamism and sweetness. Made from lemon, bitter orange, grapefruit, rosemary, lavender and vanilla beans natural extracts, it leaves a unique touch, both comforting and invigorating. The Green Barbès signature cosmetic fragrance is all natural. *Origin: France, Italy, USA, Paraguay, Tunisia.*

Precautions for use

Properties, use, as well as any other information delivered by Green Barbès are sourced from bibliographic research as well as data provided by our suppliers validated with numerous scientific studies. We remind you the active ingredients and natural extracts are highly concentrated substances; active and efficient that should be handled with caution.

This is why we ask you to respect these warnings as well as the advised dosage for each ingredient. To ensure the quality of the products you are about to make, GREEN BARBÈS advises following a few simple rules in the making of your WHITE AGRUM Face & Body skincare.

HYGIENE & PRESERVATION

It is important to follow the following hygiene guidelines:

- Set yourself in a clean area, at room temperature
- Clean your working area
- Wash your hands carefully to handle the White Agrum kit before starting to make the two creams.
- Sanitize the two empty jars with an alcohol swab and dry for a few minutes. Ensure the elements are dry. If necessary, dry it with a clean cloth or a napkin. All the elements should be dry, as any water residual could change measurements and alter the final product.
- We advise you keep your White Agrum creams at room temperature, away from direct light and close the lids tightly to ensure optimal Green Barbès quality.
- The Green Barbès formulas can be used up until 6 months after elaboration. Make sure to write the fabrication date on each container. We recommend disposing of your preparations if you notice a change in texture, smell, or look. Any doubt? Do not hesitate to contact us for advice.
- All glass jars and containers are reusable, except fragrance (5) and natural preservative. Before reusing, clean them with hot water and soap and rinse with clear water. Then, sanitize them with rubbing alcohol and let dry.

PRESERVATION GUIDELINES

Orange eau vive enhanced with elderflower:

Close the lid tightly after use.

Shea butter activated with citrus:

store in a dry place, away from heat or light.

Natural conservative:

store in a dry place, away from heat or light.

Volatile, make sure to close the lid tightly after each use.

Emulsifier:

store in a dry place, away from heat or light.

REACTIONS & ALLERGIES

Some ingredients may hold an allergenic factor or may not be entirely tolerated by certain skin types. Whether you use store-bought cosmetics or your homemade White Agrum creams, you should always test first on a small zone on the inside of your elbow 24h before any application to rule out any risk of allergies, irritations and/or sensitization. When in doubt, do not use the cream.

Natural preservative: Potentially allergenic. Do not apply directly on skin. Keep away from kids. Do not ingest, inhale, avoid contact with the eyes, respect advised dosage.

Signature fragrance: The Green Barbès signature fragrance is only to be used in the making of Green Barbès preparations. Do not apply directly on skin. The natural citrus extracts in the Green Barbès signature fragrance can be photosensitizing. Contains limonene and a low dose of citral, linalol, geraniol, citronellol, naturally present in the raw materials, that may trigger an allergic reaction.

After applying White Agrum creams, do not go directly into the sun. Not recommended for pregnant or breastfeeding women and children under three years old. Do not ingest, inhale, avoid contact with the eyes. Respect advised dosage.

DOSAGE

Green Barbès developed its recipes with handpicked ingredients selected hand in hand with our partners. Each ingredient in the White Agrum Face & Body skincare is dosed with precision and plays a rigorous role in the final formula. Each Green Barbès formula has been laboratory tested following strict European regulations.

For your safety, we recommend you respect the Green Barbès dosages mentioned in the recipes. Green Barbès SAS cannot be held liable in case of disrespect of advised dosage or addition of ingredients not included in the White Agrum kit.

Designed in Paris, Certified in France, Made at Home.

Instruction Manual

White Agrum Face

The Green Barbès White Agrum Face formula moisturizes, refreshes and brings in-depth protection to your face. This masterful blend offers comfort, elasticity and brightness to your skin. Enriched with calcium, it helps the cellular regeneration and maintains the skin natural balance. Its organic acids block free radicals.

Composition Citrus Aurantium dulcis fruit water, Helianthus annuus seed oil, Sodium acrylate copolymer, Sucrose stearate, Glycerin, Benzyl alcohol, Vanilla tahitensis fruit extract, Aqua (water), Fragrance, Sodium benzoate, Lecithin, Potassium sorbate, Propylene glycol, Limonene, Dehydroacetic acid, Citric acid, Sambucus nigra flower extract, Citral, Linalool

UTENSILS

1 bowl, 1 glass, 1 teaspoon
1 tablespoon

TIME

15 minutes

INGREDIENTS

- Orange eau vive enhanced with elderflower
- Herbal oil infused with Madagascar vanilla beans
- Green Barbès emulsifier
- Green Barbès natural conservative
- Green Barbès signature fragrance

STEP 1

READ our hygiene and precaution measures before moving on.

STEP 2 - PREPARATION

→ Slowly pour the glass content (2) to (1a) in the bowl, using the teaspoon to mix it together. Then whisk vigorously to obtain a smooth uniform texture. (about 5 minutes).

① **When added to water, the emulsifier turns to gel with the apparition of crystals. They will dissolve while whisking.**

→ When your base turns white and smooth, take vial 3a Herbal oil infused with Madagascar vanilla beans. Add the entire vial to the mix and stir to obtain a creamy texture. You should now obtain a light texture cream.

YOUR WHITE AGRUM FACE BIOACTIVE MOISTURIZING & ANTIOXYDANT CREAM IS READY.

Pour the entire mix in the clean and dry WHITE AGRUM FACE glass jar and write the fabrication date on the white label provided for that purpose. The Green Barbès natural conservative guarantees cream efficiency up to 6 months after making. **Do not forget to test your cream behind your ear or in your elbow 24h before putting it on.**

① **For this step, make sure to precisely respect dosage.**

You will need the other half of the liquid to make your WHITE AGRUM BODY cream.

Instruction Manual

White Agrum Body

The Green Barbès White Agrum Body formula brings energy and freshness as well as in-depth nourishing to your skin. Perfect for daily use, the bioactive White Agrum Body strengthens and enhances skin elasticity. Its rich formula hydrates and intensely nourishes the epidermis. It coats a soft, non-sticky layer on your skin and reduces irritations. Your skin is softened and strengthened.

Composition Citrus Aurantium dulcis fruit water, Butyrospermum parkii butter, Sodium acrylate copolymer, Sucrose stearate, Canola oil, Glycerin, Fragrance, Aqua (water), Benzyl alcohol, Lecithin, Propylene glycol, Limonene, Sodium benzoate, Potassium sorbate, Sorbic acid, Dehydroacetic acid, Citric acid, Citral, Linalool, Sambucus nigra flower extract, Geraniol, Egenol

UTENSILS

1 bowl, 1 glass, 1 teaspoon
1 tablespoon, 1 cup hot water

TIME

15 minutes

INGREDIENTS

- Orange eau vive enhanced with elderflower
- Shea butter activated with citrus
- Green Barbès Emulsifier
- Green Barbès natural Conservative
- Green Barbès signature fragrance

STEP 1

READ our hygiene and precaution measures before moving on.

STEP 2 - PREPARATION

→ Shake the content of the 1b Emulsifier vial for 10 seconds until the two powders are mixed. Pour its content in the bowl. Set the bowl aside before moving on to the next step.

① **For this step, make sure to precisely respect dosage.**

You will need the other half of the liquid for the making of your WHITE AGRUM FACE cream.

→ Slowly pour in the glass content (2) to (1b) in the bowl, using the teaspoon to mix it together. Then whisk vigorously until you obtain a smooth uniform texture. (about 5 minutes).

① **When added to water, the emulsifier turns to gel with the apparition of crystals. They will dissolve while whisking.**

→ When your base turns white and smooth, take vial 3b Shea butter activated with citrus.

① **The Shea butter activated with citrus must be heated and molten beforehand. Precautions must be respected to avoid splashes or burns.**

- Green Barbès recommends 3 heating techniques:
- OU Pour hot water in a cup and immerse the closed vial up to its half.
 - OU Check the vial is tightly sealed and place it under hot tap running water for a few minutes.
 - OU Put the vial on a heater.

YOUR WHITE AGRUM BODY BIOACTIVE ENERGIZING & NOURISHING CREAM IS READY.

Pour the entire mix in the clean and dry WHITE AGRUM BODY glass jar and write the fabrication date on the white label provided for that purpose. The Green Barbès natural conservative guarantees cream efficiency up to 6 months after making. **Do not forget to test your cream behind your ear or in your elbow groove 24h before putting it on.**

→ Once the butter has turned liquid, add it to the mix and stir to obtain a creamy texture.

→ Add 2 drops of the 4 natural conservative thanks to one of the pipette included in the kit. Add them to the mix and stir.

① **Pipettes will be used in the making of both formulas. Hold on to them and differentiate the “Conservative” pipette from the “Fragrance” pipette for the making of your WHITE AGRUM FACE cream.**

→ Final step, add fragrance to your liking. Take the second “fragrance” pipette and the signature fragrance vial (shake well before use).

① **Green Barbès recommends you add 0 to 20 drops depending the intensity you aim at. Do not use more than 40 drops of Signature Fragrance. Do not apply the fragrance directly on your skin.**
